## National Service Criminal History Check

### CNCS Updates to the List of State Criminal History Information Repositories and Related Information

1. **Updated Web URLs for District of Columbia, Illinois, and Minnesota.** The list was republished on June 12, 2013, to update URLs for three state repositories.
2. **Advising CNCS when a Repository Link URL is Non-operational.** We appreciate the collaboration when the field advises us that a designated state repository web link is not operating. When you discover those situations, please send the information to [CriminalHistoryCheckQuestions@cns.gov](mailto:CriminalHistoryCheckQuestions@cns.gov). Since we are not staffed to monitor all state repository web sites, it is most helpful if you also identify the state repository web link(s) that you believe to now be the correct ones to use. This teamwork will enable us to widely share the information as quickly as possible.
