Updates to CNCS List of Repositories for State Criminal History Information

The Corporation for National and Community Service (CNCS) has recently made several updates to its list of approved repositories for conducting State of Residence and State of Service Checks under the National Service Criminal History Check (NSCHC) requirements. In addition to routine updates of outdated links, this change includes two important new alternatives:

- We have approved an alternative for Arizona State of Residence checks for out-of-state organizations without access to the official repository in Arizona.
- We have identified states that share criminal history information with other states. In those cases, a check of one state repository will provide you with information from another state. For example, a fingerprint-based check through the Wyoming repository also provides information from Montana. Consequently, CNCS has added this check from the Wyoming repository as an alternative for a Montana state check.

View the full [list of repositories](#) to learn more about these and other updates. Look for the words “NEW!” and “UPDATED!” to find the most recent edits.

If you have concerns or questions regarding these updates, please contact your CNCS Program Officer or Grants Officer. Your feedback and questions will help us to develop additional information and guidance.

In Service,

Dana Bourne
