

Evidence & Impact Webinar Series 2023-2024

Celebrating Service and Its Evidence Story

About the 2023-2024 Webinar Series

The six-webinar series hosted by the AmeriCorps Office of Research and Evaluation will focus on evidence and impact with partners in the field, within the agency, and leaders in communities and the nation. Register, participate and celebrate AmeriCorps' 30th Anniversary of harnessing the transformative value of evidence use to strengthen community-based organization practices, members and volunteers, local impact, and public trust. This showcase year will highlight AmeriCorps' evidence journey and the evidence use movement sparked through the Evidence Act. Webinars will share how AmeriCorps not only supports research, evidence and evaluation capacity building that strengthens the local nonprofit missions to problem solve and tackle community inspired change, but also shows return in taxpayer dollars saved to local, state, and national budgets and sparks our nation's civic engagement.

Learning Objectives this Webinar Season will:

1. Describe the transformative impact AmeriCorps has on communities incorporating local voice.
2. Share how evidence readiness strengthens community-based organization practices, local impact, and public trust.
3. Provide the vision of AmeriCorps evidence-building as thought-leaders on National Service.
