

Web-based Performance Measurement Training

Project STAR is offering a series of web-based training sessions on performance measurement. Below is a schedule of training topics. Each session will run 60 minutes and include opportunities to ask the instructor questions. You are encouraged to sign up for all four sessions.

To sign up for any of these sessions, go to <https://etr.webex.com/> and search for *PM Training 2010*. The registration password for all sessions is *train2010*.

Session 1: Performance Measures and the Logic Model

Description: Participants will learn basic terminology and Corporation requirements for performance measurement. The session will demonstrate how to use a logic model to develop a set of aligned performance measures for an AmeriCorps project.

Audience: Beginner

Date and Time: Thursday, September 23, 2010, 1:00 PM Eastern

Session 2: National Performance Measures

Description: Participants will learn about the National Performance Measures the Corporation is piloting for 2010, as well as key requirements and considerations to implement National Measures. The session will include a walkthrough and discussion of instrument packets developed by Project STAR to jumpstart implementation of National Measures.

Audience: Beginner

Date and Time: Tuesday, September 28, 2010, 1:00 PM Eastern

Session 3: Instruments and Data Collection for Performance Measurement

Description: Participants will learn the basics of implementing performance measurement, including selecting or developing data collection instruments and basic data collection methods. The session will include a walkthrough and discussion of sample instruments and advice on how to collect data.

Audience: Intermediate

Date and Time: Thursday, September 30, 2010, 1:00 PM Eastern

Session 4: Analyzing Performance Measurement Data and Reporting Results

Description: Participants will learn the basic steps to analyze performance measurement data to address targets and report results in a transparent manner. The session will also include tips and advice for reporting results to the Corporation and other stakeholders.

Audience: Intermediate

Date and Time: Thursday, October 7, 2010, 1:00 PM Eastern
