All applicants that are applying for an AmeriCorps Seniors competitive grant, or current AmeriCorps Seniors grantees applying for a new multi-year **renewal** grant, must complete all sections of the grant application:

- Facesheet (Modified Standard Form 424 NSSC)
- Project Narratives

## Facesheet Instructions: eGrants Account Registration, “Applicant,” “Application,” and “Funding Demographics” Sections

Information entered when creating your eGrants account, including the Applicant Info, Application Info, Funding/Demographics, and Review and Submit sections will populate the SF 424 Facesheet in the eGrants system. The items below coincide to sections of the SF 424 Facesheet.

### Instructions for Creating an Organizational Profile (for **New** Applicants only)

Follow the prompts, entering all requested information. There are 6 sections that will need to be completed in chronological order. **Note:** *Fields with a red asterisk (\*) are required.*

#### 1. Login Information

Complete the requested fields to move to the next section. Click the “next” button once complete.

#### 2. Enter EIN #

Enter your Employer Identification Number (EIN) as assigned by the Internal Revenue Service. Click the “next” button once complete.

#### 3. Select an Organization

After you have typed in your EIN number, you will have two choices:

- 1) Select the organizational profile you are submitting a grant application for, or
- 2) Create a new organizational profile for your EIN number.

Click the “next” button once you have selected a radio button for a new organization or an existing one.

**Note:** *If an existing organizational profile is listed, please do not create a new organization. Instead, work with the [AmeriCorps Hotline](#) (800-942-2677) to gain access to your pre-existing organization.*

Depending on whether you created a new organizational profile or selected one in the previous screen, you will have one of two screens appear corresponding to your choice.

#### 4. Organization Information

##### Selecting an existing Organizational Profile

If you have selected an account for an existing organization, you will be able to review the organizational information. By clicking submit, the grantee administrator for your organization (listed below) will be notified about your account request. The grantee

administrator must grant you access before you can submit an application in eGrants under the selected organization.

If a new employee of your organization needs to create an eGrants account (ex. Project Director, Authorized Representative, Bookkeeper) they would follow these same steps to create an account linked to your organization. Any eGrants accounts for employees who are no longer at the organization should be disabled.

### **Creating a New Organizational Profile**

If your organization has not created an Organizational Profile in eGrants before, you will be prompted to create one. When creating a new organizational profile under the EIN number, you will need to complete all fields to move forward in the process.

Enter your Organization's Dun and Bradstreet Data Universal Numbering System (DUNS) number. If needed, the applicant organization may obtain a DUNS number by calling the request line at (866) 705- 5711 or online at <http://fedgov.dnb.com/webform>.

Enter the complete name of the organization that will be legally responsible for the grant. This is not the name of the organizational unit within the legally responsible organization. For example, indicate "National University" instead of "Liberal Arts Department." Select the appropriate organization type from the list provided.

Consult the list of characteristics of applicants and select all the corresponding characteristics that apply.

Enter your organization's complete address with the 5-digit ZIP code and the 4-digit extension. The 4- digit ZIP code extension is required. Please note, the address field may recommend a different address, so please ensure you have entered the correct address to avoid a delay in processing your organizational profile.

#### **5. Enter your organization's phone numbers.**

Enter your organizations daytime, evening, fax, and/or cell phone numbers.

#### **6. Review and Submit**

Finally, please review and verify that all information you are submitting is correct. If any information is incorrect, click on "edit" to make changes. If everything is correct click "submit." To continue with your application, on the following screen click "next."

## Project Narratives Instructions (eGrants “Narratives” Sections)

---

As you write your grant application narratives, which are found in Part II – Sections B through F of the grant application in eGrants, unless otherwise noted, please focus your descriptions on how you will achieve the outcomes anticipated. The narrative section of the application is your opportunity to convince reviewers that your project meets the selection criteria as outlined in of the Review Criteria section of the Notice.

Below are some general recommendations to help you present your project in a way the reviewers will find compelling and persuasive.

- **Lead from your program strengths and be explicit.** Do not make the mistake of trying to stretch your proposed program description to fit funding priorities and special considerations articulated in the regulations or the Notice.

- **Be clear and succinct.** Do not use jargon, boilerplate, rhetoric, or exaggeration. Describe clearly what you intend to do and how your project responds to the selection criteria.
- **Avoid circular reasoning.** The problem you describe should not be defined as the lack of the solution you are proposing. Explain how.
- **Avoid simply stating that the criteria will be met.** Explicitly describe how the proposed project will meet the criteria.
- **Don't make assumptions.** Even if you have received funding from CNCS in the past, do not assume your reviewers know anything about you, your proposed program, your partners, or your beneficiaries.
- **Avoid overuse of acronyms.** Use an impartial proofreader. Before you submit your application, let someone who is completely unfamiliar with your project read and critique the project and budget narratives.
- **Follow the instructions and discuss each criterion in the order they are presented in the instructions.** Use headings to differentiate narrative sections by criterion.

*Note: The Narratives Section also includes fields for Clarification Summary, Amendment Justification, and Continuation Changes. Please enter N/A in these fields. They will be used at a later date to enter information for clarification following review, to request amendments once a grant is awarded, and to enter changes in the narrative in continuation requests.*

In eGrants, you will enter text for:

1. Executive Summary
2. Program Design
3. Organizational Capability
4. Cost Effectiveness and Budget Adequacy
5. Other Narrative

## 1. Executive Summary

Please complete the executive summary per the instructions in the Notice.

*Note: AmeriCorps will post these summaries on [www.americorps.gov](http://www.americorps.gov) in the interest of transparency and Open Government.*

## 2. Program Design

In assessing Program Design, reviewers will examine the degree to which the applicant demonstrates how AmeriCorps Seniors volunteers and the proposed intervention are particularly well-suited to addressing the identified community problem. Reviewers will consider the quality of the application's response to the criteria listed in the Notice.

### 3. Organizational Capability

Reviewers will assess the extent to which the applicant demonstrates organizational background and staffing and structures, including compliance and accountability, to support the proposed program. See the Notice for specific criteria for this narrative section.

### 4. Cost Effectiveness and Budget Adequacy

In assessing Cost Effectiveness and Budget Adequacy, reviewers will examine the degree to which the budget is cost effective and appropriate for the program being proposed. See the Notice for specific criteria for this narrative section.

### 5. Other Narrative

This section is used, as needed, to address any additional program requirements that appear in the Notice and/or supplemental instructions.

## PERFORMANCE MEASURES AND WORK PLANS- EGRANTS SECTION

---

For AmeriCorps Seniors **new and recomplete applicants**, this section **must be completed**.

For **continuation/renewal** applicants, you **MUST UPDATE** the continuation grant application to reflect any changes from previous submission to ensure that Performance Measures and Work Plans are aligned to the proposed activities and outcomes in the upcoming year.

See the Notice and corresponding Appendix A for Unduplicated Volunteer or Volunteer Service Year requirements and Appendix B: Performance Measures for additional guidance for selecting the performance measures.

### About Work Plan Requirements

#### About Work Plans

- A Work Plan is **a task plan with action steps** to address a specified community need. In the grant application, these Work Plans form the basis for a proposed project plan: the need the volunteers will address, what they will do, and what their service should accomplish.
- Work Plans follow a standard format.
- Work Plans capture the focus of the volunteers' services in standard categories. These include **Focus Areas and Service Activities**.
- Your Work Plans should align with the Strengthening Communities Narrative section of this grant application. Work Plans translate the narrative information that you provided into organized task plans that include the inputs (unduplicated volunteers), service activities, outputs, and outcomes. The Work Plans also provide a place for you to set targets for outputs and outcomes.

## How many Work Plans are needed?

The number of Work Plans needed is determined by how you place your volunteers, and by the types of service activities they will undertake.

## How are Work Plans completed?

Data that you enter into **the eGrants Performance Measures Module (PMM)** are the basis for your work plans. As you enter data on the community need and select your outcomes, outputs, service activities and other information, the eGrants PMM will build your work plans for you.

The [Work Plan Development Template](#), (available in the [Appendix](#) of this document) is designed to help you plan your performance measures. The worksheet can help to organize how you will fit your performance measures together with the volunteer activities. We recommend that you use the worksheets and instructions to map out your work plans, and then use the completed worksheets to transfer the information into the eGrants PMM.

## Which sections of the Work Plans must be completed and what is the purpose of each section?

The following sections must be completed for all Work Plans with one exception. This exception is the one work plan that will capture all the volunteers placed to meet “Community Priorities.”

- **Description of Community Need:** The description of the community need must be completed for each output you select. This needs statement should explain the compelling need that will be addressed by the volunteers. When you develop your community need, be sure to:
  - Describe the need in enough detail to convey its importance in the community. Use the local statistics can be helpful to make your case.
  - Describe the consequences of the need going unmet in the community.
  - Describe why AmeriCorps Seniors FGP volunteers can be effective resources to meet the need.
  - Describe the need clearly to people unfamiliar with your community. Do not assume that other readers have an existing understanding.
- **Output:** Outputs are the immediate results of the volunteers' services. These are usually count- numbers of children served, etc. The output is selected using the pull-down menu in the eGrants PMM.
- **Service Activity:** The service activity (or activities) is the task that the volunteers will perform. The service activity description should explain what the AmeriCorps Seniors [program] volunteers are doing in a way that shows how they will achieve the outputs and outcomes. State who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. State how often volunteers will provide the service and for how long. State where the service will take place. For

each output, you may select more than one service activity. The service activities are selected using the pull-down menu in the eGrants PMM. **For each service activity selected, the eGrants PMM will create a separate work plan.**

- **Number of Unduplicated Volunteers:**
  - **RSVP and SDP Non-Stipended Program-** This is the proposed **number of volunteers** who will be performing each service activity. Each volunteer can only be counted once when assigned to a service activity. The volunteer should be counted in the area where he/she will make the most impact- in terms of the type of service or in terms of the scope of service, such as the greatest number of hours served. *See Notice for Cost Per Unduplicated requirement.*
  - **FGP,SCP, and SDP Stipended Programs-** This is the proposed **number of volunteer service years (VSY)** that will be performed for each service activity. Each VSY can only be counted once when a volunteer is assigned to a service activity. VSY is one VSY per 1044 hours served. *See Notice for Cost Per VSY requirement.*
- **Total Number of Volunteers:** Here, you enter the total volunteers engaged in the activities, if you were to assign all of them according to each activity. In this way, volunteers can be counted more than once- for example, if the same volunteer does two different types of activities such as tutoring AND mentoring, you can account for both assignments in this field.
- **Targets:** The target is the number that you anticipate achieving in the third year of the performance period. For example, if you think your volunteers will serve 50 children in Head Start in the third year of the performance period, you will enter 50 as your target.
- **Instrument used for Tracking Output:** This is the tool that will be used for data collection. The Instrument is selected using the pull-down menu in the eGrants PMM.
- **Outcome:** Outcomes are the longer term, permanent change, or improvement expected in the community due to the volunteers and their services. The outcome is selected using the pull- down menu in the eGrants PMM.
- **Number of Outcome Volunteers:** This is the number of volunteers who must be placed in assignments/ activities that lead to outcomes. Please see the appropriate Notice for information about how to calculate or determine the number of outcome volunteers.
- **Instrument used for Tracking Outcome:** This is the tool that will be used for data collection. The instrument is selected using the pull-down menu in the eGrants PMM.

**Which sections of the Work Plan must be completed in the “Community Priorities” work plan?**

The following sections must be completed in the “Community Priorities” work plan. No other sections are required.

- **Description of Community Need:** The description should briefly state the needs that the volunteers will meet. If more than one need will be addressed as a community priority, each need should be listed.
- **Output:** There is one pre-determined output for the “Community Priorities” work plan – “Grantee met its target for community priority activity Yes/No.” This will be the only option available when entering the Community Priority work plan.
- **Number of Unduplicated Volunteers:** This is the proposed number of volunteers who will be performing each service activity.
- **Number of Volunteers:** The total number of volunteers proposed, when counting the volunteers by assignment. Volunteers can be counted more than once (such as one volunteer serving in nursing homes and also at the library).
- **Total Number of Volunteer Stations:** The total number of placement sites or volunteer stations.

#### How to Enter AmeriCorps Seniors Work Plans

1. Click to enter the work plan Performance Measure Module.
2. Click **Begin** to start entering work plans.
3. The Objectives tab displays the options for work plan development. See Notice and associated Appendix B: Performance Measures for list of available Objectives.
4. Clicking on each Focus Area will show specific objectives available for that Focus Area. Check the boxes next to each objective to create work plans in that particular objective. See Appendix B. Performance Measure for Focus area and Objective Pairing
5. For AmeriCorps Seniors RSVP and other Non-Stipended programs, when all objectives have been selected, choose a Primary Focus Area from the drop-down list at the bottom. Only the Focus Areas that are part of the objectives that were previously selected will show up on this list.
6. When all necessary objectives have been selected, click “Next” or the Performance Measures tab to move to the Performance Measures tab.
7. The Performance Measure tab allows you to create sets of aligned performance measures for all the grant activities you will measure. The work plans you will develop are for the objectives that were previously selected.
8. Begin by selecting a Category Title from the drop-down options.

---

*Note: Applicants who experience issues finding the appropriate measures for Education Focus Areas in the Performance Measure Module of eGrants, should ensure that the objectives of the measures they would like to use are marked in the “Objective” tab. Then, in the “Performance Measure” tab, that the “Other” category in “Select Category Title” is selected.*

---

9. Select an objective for your aligned Performance Measure. The objectives dropdown list will generate based on the category title selected.
10. Provide a brief description of the need your project will address in this Performance Measure.
11. Select the output you wish to measure in this set of work plans. The output dropdown list will generate based on the objective selected.
12. Select the instrument you plan to use to measure the output. The instrument dropdown list will generate based on the output selected. Enter an instrument description. Give the name of the instrument and briefly describe who will collect the data from whom, and when it will be collected.
13. Select the outcome you wish to measure in this set of work plans. The outcome dropdown list will generate based on the output selected. If the output does not have corresponding outcomes available, outcome options will not be available in the dropdown list. All Outputs, except for Other Community Priorities, must be paired with the appropriate outcome. See Appendix B: Performance Measures for all output and outcome pairings.
14. Select the instrument you plan to use to measure the outcome. The instrument dropdown list will generate based on the outcome selected. Enter an instrument description. Give the name of the instrument and briefly describe who will collect the data from whom, and when it will be collected.
15. Select all the service activities that apply. The service activities that appear are generated based on the objective selected. Each service activity selected will create a new work plan. Enter a description of the service activity in the corresponding text box. The service activity description should explain what the volunteers are doing in a way that shows how they will achieve the outcome or output. State who the beneficiaries are, and what the volunteers will be doing with the beneficiaries. State how often volunteers will provide the service and for how long. State where the service will take place.
16. Click Complete PM after completing the information for each objective.
17. As work plans are completed for each objective, the objectives will appear at the top of the screen.

18. After all Work Plans have been completed, click Next or the Target tab to move to the Target tab. The Target tab allows Targets to be set for each work plan. First, enter the project's total number of unduplicated volunteers in the volunteer calculator.
19. For every work plan, enter the output target, outcome target, number of unduplicated volunteers, number of total volunteers contributing, and number of volunteer stations. Targets must be numbers, not percentages. The Volunteer Calculator at the top of the screen will update accordingly to display the percentage of volunteers for the Performance Measure requirements. As you enter target numbers, click on Review Allocations to update the volunteer calculator. Once all Performance Measure requirements are met, the success notice will populate in the volunteer calculator.
20. Click Next or the Summary tab to move to the Summary tab. This page provides a summary of all the information you have entered in the module. To print the entire summary, click Print PDF for all Performance Measures.
21. To print one performance measure, expand the measure and click Print This Measure.
22. Click Edit Performance Measures to return to the Performance Measure tab.
23. Click Validate Performance Measures to validate the module prior to submitting your application. If all Performance Measures are validated successfully, the following message will appear, "**Success: All Performance Measures are valid. ## BUDGET INSTRUCTIONS (EGRANTS "BUDGET" SECTIONS)

---

For **New** applications, please refer to the Notice, which includes the elements of cost effectiveness and budget adequacy that will be highlighted during the competition.

Briefly describe:

- The reasonable cost per volunteer that will be proposed in the work plan section and lead to national performance measures requirements
- The plans and infrastructure to secure the non-federal share, including dedicated staff, grant proposal processes, and other plans

**Multi-year applications** - Complete the SF 424A Budget form requesting funds for the first annual budget period, following the instructions below. Multi-year project approval does not guarantee that the application will be approved for additional funding. You must submit a continuation application, via eGrants, for each year of the award to request additional funding. We will use the distribution of line item amounts proposed for the first year in budgeting for subsequent years unless you submit an application for revising the budget.

Your Portfolio Manager will provide instructions for continuation applications. If you need to make an update or change to your budget or application, connect with your Portfolio Manager.

**Single-year applications** - Complete the SF 424A Budget form for the 12-month period, following the instructions below. Unless otherwise instructed by an agent of AmeriCorps, or referenced in the Notice or supplemental guidance, all grants are multi-year.

Please note that you are required to enter the total cost of all line items and identify the source of matching funds as appropriate.

## Section I. Volunteer Support Expenses

### Source of Matching Funds:

Enter a brief description of the match. Identify each match source separately. Identify if the match is secured or proposed. Include dollar amount, the match classification (cash or in-kind), and the source type (Private or State/Local) for your entire match. (The total amount in the Source of Funds field must match the total amount in the budget narrative exactly.) Define all acronyms the first time they are used. **Note:** Do not include the source of any excess resources (from optional Excess column) in this section.

**Section I.A.** Project Personnel Expenses – Under "Position/Title Description," list each staff position separately and provide salary and the percentage of effort as a percentage of FTE devoted to this award. Each staff person's role listed in the budget must be described in the application narrative and each staff person mentioned in the narrative must be listed in the budget as either CNCS or Grantee share. Because the purpose of this grant is to enable and stimulate volunteer community service, do not include the value of direct community service performed by volunteers. However, you may include the value of volunteer services contributed to the organization for organizational functions such as accounting, audit work, or training of staff.

**Section I.B.** Personnel Fringe Benefits - Under "Purpose/Description," identify the types of fringe benefits to be covered and the costs of benefit(s) for each staff position. Allowable fringe benefits typically include FICA, Worker's Compensation, Retirement, SUTA, Health and Life Insurance, IRA, and 401K. You may provide a calculation for total benefits as a percentage of the salaries to which they apply or list each benefit as a separate item. If a fringe benefit amount is over 30% of the related salary, please list the covered items separately and justify the high cost. Holidays, leave, and other similar vacation benefits are not included in the fringe benefit rates, but are absorbed into the personnel expenses (salary) budget line item.

**Section I.C.** Project Staff Travel – Project Staff Travel is broken into two sections, reflective of the travel area.

Describe the purpose for which program staff will travel. Provide a calculation that includes itemized costs for airfare, transportation, lodging, per diem, and other travel-related expenses multiplied by the number of trips/staff. Where applicable, identify the current standard reimbursement rate(s) of the organization for mileage, daily per diem, and similar supporting information. The standard mileage reimbursement should not exceed the federal mileage rate unless a result of the applicant's policy and justified in the budget narrative.

- Local Travel – Local travel is travel within the project service area as shown in item 12 of the Face Sheet. Briefly list the purpose of anticipated local travel and the basis for cost calculations. Include only travel costs for staff listed under budget Section I.A. and who directly support the grant activities described in your application.
- Long Distance Travel – Long distance travel includes all travel outside the service area. Show the purpose for each trip and break out for each the cost of transportation, meals and lodging, and other travel costs. Include only travel costs for staff listed under budget line A and who directly support the grant activities described in your application.

**Section I.D.** Equipment - Equipment is defined as tangible, non-expendable personal property having a useful life of more than one year AND an acquisition cost of \$5,000 (five thousand) or more per unit (including accessories, attachments, and modifications). If applicable, show the unit cost and number of units you are requesting. Provide a brief justification for the purpose of the equipment. Include items that do not meet this definition in **Section I.E. Supplies** below.

**Section I.E.** Supplies – Include the funds for the purchase of consumable supplies and materials that do not fit the definition above. You must individually list any single item costing \$1,000 (one thousand) or more.

**Section I.F.** Contractual and Consultant Services - Enter the cost of contracts and consultants as appropriate, including all services documented in a contract such as clerical support, training consultants, equipment repair and maintenance, or bookkeeping services. Itemize each contract or consultant and provide a brief justification of the need for each. The cost calculation should provide a basis for determining the cost, such as a daily or hourly rate. Note that there is no maximum daily rate.

**Section I.I.** Other Volunteer Support Costs – Briefly describe all other allowable Volunteer Support Expenses not included elsewhere in Section I, such as National Service Criminal History Checks (noted in eGrants as Criminal Background Checks), training, evaluation services, recruitment expenses, and other items. **Criminal background checks are required for all employees or other individuals who receive a salary or similar payment from the grant (federal or non-federal share).** If you do not budget Criminal background check costs, please explain how you will cover these expenses.

**Section I.J. Indirect Costs** -Administrative or indirect costs are general or centralized expenses of the overall administration of an organization that receives AmeriCorps funds and do not include particular project costs. These costs may include administrative staff positions. For organizations that have an established indirect cost rate for federal awards, administrative costs are those costs included in the organization's indirect cost rate agreement. Such costs are generally identified with the organization's overall operation and are further described in Office of Management and Budget Uniform Guidance.

### **Options for Calculating Administrative/Indirect Costs**

AmeriCorps Seniors applicants may calculate allowable administrative costs using a federally approved indirect cost rate method if they have one or a de minimis method.

When entering indirect costs details in the budget, specify the approved indirect cost rate type when applicable (i.e., provisional, predetermined, fixed, or final) or state that you are using the 10% de minimis rate. Note the base upon which the rate was calculated (direct salaries, salaries and fringe benefits, etc.) and enter the approved indirect cost rate percentage. AmeriCorps does not restrict the overall indirect cost rate claimed. Applicants have discretion to claim all or part of the allowable indirect costs. If you choose to claim a lower rate, please include the rate claimed in the appropriate eGrants field.

The instructions for entering the organization's indirect cost rate in eGrants are located [here: eGrants Indirect Cost Rate User Instructions](#). Applicants should not submit documentation addressing the indirect cost rate agreement via email.

**TOTAL BUDGET SECTION I** – Enter the sum of direct and indirect costs from Section I as appropriate.

### **Section II. Volunteer Expenses**

**Source of Matching Funds:** Enter a brief description of the match. Identify each match source separately. Identify if the match is secured or proposed. Include dollar amount, the match classification (cash or in-kind), and the source type (Private or State/Local) for your entire match. (The total amount in the Source of Funds field must match the total amount in the budget narrative exactly.) Define all acronyms the first time they are used. **Note:** *Do not include the source of any excess resources (from optional Excess column) in this section.*

**Section II.A. Stipends-** Stipends are applicable **only** to AmeriCorps Seniors **Stipended Programs** (FGP, SCP and some SDP). Please enter, as appropriate, the number of Volunteer Service Years (VSYs) proposed in each category and multiply the numbers of VSYs times the annual stipend.

**Note:** *See the Notice for the current approved annual stipend amount.*

**Do Not include monetary incentives for AmeriCorps Seniors SCP Leaders** in the stipend line item.

- AmeriCorps-funded \_\_\_\_\_ x Annual Stipend = \$ \_\_\_\_\_

- Non-AmeriCorps-funded\_\_x Annual Stipend = \$\_\_\_\_\_
- Non-Stipended:\_\_\_\_\_

---

For stipended programs, Volunteer Service Year (VSY) is a budget term which equals 1,044 hours per year. For example, a volunteer serving 2,080 hours per year (averaging 40 hours per week) serves 2 VSYs, while a volunteer serving 783 hours per year (averaging 15 hours per week) serves  $\frac{3}{4}$  of a VSY.

---

**Section II.B.** Other Volunteer Costs – Please be aware that volunteer insurance is a required line item as detailed in 45 CFR §2553.46 and §2552.46. Other allowable volunteer costs include meals, uniforms, recognition, volunteer travel, and physical examinations.

Volunteers may also be reimbursed for costs incurred while performing assignments – including transportation, equipment, supplies, etc. – provided such costs are described in the Memorandum of Understanding negotiated with the volunteer station where the volunteer is assigned. For AmeriCorps Seniors SCP only, monetary incentives for AmeriCorps Seniors SCP Leaders should be listed in Section I.I.: Other Volunteer Support Costs. Use the Narrative for the corresponding line to provide explanation or show calculations, as needed.

*Note: Volunteer travel includes volunteer transportation costs such as cost of agency vehicles (leased or purchased), insurance, prorated maintenance costs applicable to vehicles based on usage, and drivers' salaries and fringe benefits chargeable to the grant. Assignment-related travel is also allowable.*

**TOTAL BUDGET SECTION II-** Enter the sum of direct and indirect costs from Section I as appropriate.

**TOTAL PROJECT COSTS** – The sum of the totals for Sections I and II in each column.

**FUNDING PERCENTAGES** - Totals will auto-calculate in eGrants.

*Below are the instructions for entering your Volunteer Station Roster. **New applicants** will be requested to submit their Station Roster within 6 months if awarded by Portfolio Managers.*

Review the instructions for entering your volunteer station information. Click on the "**add a new**" link to enter your volunteer station information.

A pop-up screen will appear to enter each volunteer station. Fields with a red asterisk (\*) are required for completion of each volunteer station.

Enter data for each field. For help, click the help text (?) to understand the description of what should be entered into that specific field. For example, the street address line should be entered as the actual physical address location where AmeriCorps Senior volunteers will serve. Do not enter post office boxes.

**Note:** *You should have at least one volunteer station per Geographical Service Area (GSA).*

For the Focus Areas and Objectives, you will have to select one Focus Area and Objective at a time. For example, if you have selected Healthy Futures – Other Healthy Futures, you will need to click "**save & close**" the pop-up screen in order to add another Focus Area and Objective for this station roster.

**Active MOU:** check this box to indicate that there is a current signed MOU with this station.

**Active:** once a volunteer station is created it cannot be deleted. If an organization was entered in error or is no longer an active AmeriCorps Seniors station, uncheck this box.

To enter more than one Focus Area and Objective for a volunteer station, you will have to enter them separately. Click on the "view/edit" link to add additional Focus Areas and Objectives.

You will be able to select another Focus Area and Objective for this volunteer station.

**Note:** *Please ensure that you enter all of the Focus Areas and Objectives that occur at that particular volunteer station.*
