

## National Service in Indiana

### MEETING COMMUNITY NEEDS IN INDIANA

More than 8,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Indiana. Serving at more than 930 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$14,780,000 to support Indiana communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$4,070,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

**AmeriCorps:** This year AmeriCorps will provide more than 1,100 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Indiana. Most AmeriCorps grant funding goes to the Office of Faith-Based and Community Initiatives, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 13,000 Indiana residents have served more than 17 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$40,020,000.

**Senior Corps:** More than 6,800 seniors in Indiana contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 4,700 young people who have special needs. Senior Companions help more than 300 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 530 groups across Indiana.

**Social Innovation Fund:** The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Indiana, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$610,000 in expanding the impact of 7 nonprofits in Indiana.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit [NationalService.gov](http://NationalService.gov) or [Serve.gov](http://Serve.gov) or call 202-606-5000 or TTY 1-800-833-3722.

- Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.
- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
  - This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Indiana. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
  - AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
  - The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
  - As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 13,000 Indiana residents have served more than 17 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$40,020,000.

## AmeriCorps NCCC

Metro United Way provides services to seven counties including 3 in Southern Indiana. On March 2, 2012 5 counties in Southern Indiana were devastated by a F4 tornado. Days later, Metro United Way set up a Volunteer Reception Center (VRC). NCCC has since sent 4 teams to work with Metro United Way. NCCC teams were essential in opening and operating the VRC during the first few months after the tornado. Corps Members gained knowledge of disaster response work and communities' stages of disaster recovery; learned how to speak to survivors and deploy volunteers, and learned how to set up work deployment and progress tracking systems. NCCC staffing at the VRC provided over 5,000 interested volunteers a better experience as they assisted in rebuilding the surrounding communities.

## AmeriCorps VISTA

VISTA sponsor Trustees of Indiana University, Bloomington, Indiana deployed 14 fulltime members and 10 VISTA summer associates in high impact activities which fostered innovation and entrepreneurship in meeting national anti-poverty goals. VISTA members engaged community volunteers who performed more than 2,000 hours of service. These efforts resulted in 1,496 individuals provided with financial literacy education and/or employment services, 5,415 individuals demonstrated improved academic performance in programs supported by VISTA members, and \$56,000 in resources including 1,480lbs of food were generated.

## Senior Corps

RSVP sponsor, the Area Agency on Aging engaged 460 volunteers in Healthy Senior Independence Services serving more than 1,200 seniors, many who are low income and homebound, helping them stay in their homes and remain as independent and active as possible. Volunteers provide a menu of direct services for seniors including companionship, mental stimulation, light exercise, safety education, cleaning, and meal preparation in the Bloomington and Ellettsville, Indiana communities. All senior clients reported an increased ability to maintain their independence as a result of the services and 100% reported an overall increase in their safety and quality of life.

## Social Innovation Fund

The Local Initiatives Support Corporation (LISC), an intermediary grantee of the Social Innovation Fund, is growing Financial Opportunity Centers – a workforce development and asset-building model that boosts earnings, reduces expenses, and coaches low-income families on how to make better financial decisions – to reach 7,500 total participants. In Indianapolis, LISC has six nonprofit subgrantees receiving total annual grants of \$802,000 which they match dollar-for-dollar. A rigorous evaluation will provide greater evidence about the model's impact on employment, earnings and savings.
