The following presentation is designed for state commissions and programs. This presentation will help users understand the user roles as well as the access levels within the My AmeriCorps system. You must have an eGrants account in order to access My AmeriCorps functions.* eGrants is the Corporation for National and Community Service’s grant application and management system and the gateway to the My AmeriCorps system.

*For details on how to create an eGrants account, please watch the tutorial on Create and Manage an eGrants Account.
Agenda

• Understanding:
  o Important Considerations
  o Grantee Administrator User Role Defined
  o My AmeriCorps User Roles and Access Flow Chart
  o My AmeriCorps User Roles Defined: Grantee Recruiter, Grantee Member Management
  o My AmeriCorps Access Levels Defined: Prime, Operating Site, and Service Location

• Planning:
  o User Roles Map
  o Grantee Member Management Role as it Relates to Access Levels

• What’s next?
My AmeriCorps Usage – Please be Mindful...

- All of the My AmeriCorps tutorials and webinars focus on the functionality of the system rather than grant requirements or program policies.

- The My AmeriCorps system does not include comprehensive compliance checks.

- We recommend that programs set their own policies around system use and monitor usage for compliance. However, we suggest that programs give some thought to how they assign roles and access so that they are comfortable with the level of authority they are giving their users.

- If they have questions they should contact their Program Director or Program Officer.
• **Grantee Administrator:**
  
  - is an eGrants user role that gives full access to My AmeriCorps functionality.
  
  - Grantee Admins at the **state commission** will have access to all grants, operating sites (or sub-grantees/programs), and service locations at the legal applicant organization.
  
  - Grantee Admins at the **state programs/sub-grantees** will have access to all grants (or operating sites) and service locations at the legal applicant organization.
  
  - can approve all requests (please contact your Program Officer for guidance on business practices).
  
  - manages organizational information and all users at the legal applicant organization.
My AmeriCorps User Roles Defined

- **Grantee Recruiter:**
  - manages most recruitment functions such as create service listings and processes applications, with the exception of enrollment, for the legal applicant organization and all of its associated grants.

- **Grantee Member Management:**
  - manages program(s) and members, including enrollment; requires an access level:
    - Prime: refers a grant for the state commission.
    - Operating Site: refers to the sub-grantee or program for the state commission. In the program context, this refers to a grant.
    - Service Location: refers to the exact location where a member serves.
Grantee Member Management User Role Tree Diagram

Prime: Refers to a grant to the state commission.

Operating Site: Refers to a sub-grantee or program/grant.

Service Location (new term): Refers to an exact location where a member serves.
State Programs – Service Location Level Access

Service Location Level: Lists all available service locations associated with the grants to the state program. Service location refers to the exact location where a member serves.
State Programs – Operating Site Level Access

Operating Site Level: Lists all available grants to the state program or sub-grantee of the state commission.
