

AmeriCorps State and National 2021 End-of-Year Project Progress Report Instructions

How will AmeriCorps use the information reported?

The AmeriCorps State and National Project Progress Report (PPR), formerly known as the Grantee Progress Report (GPR), provides information for AmeriCorps staff to monitor grantee progress and to respond to requests from Congress and other stakeholders. Some information provided in your PPR may be used by AmeriCorps to promote service. Program staff will use the information you provide to identify trends and issues that may lead to changes in policies and procedures, allocation of training and technical assistance, or opportunities for peer learning.

What are the components of the PPR?

The PPR consists of four sections: Performance Data Elements, Performance Indicators, Performance Measures, and Narratives.

Please complete the report using eGrants (<http://www.nationalservice.gov/egrants/>), AmeriCorps' integrated, secure, web-based system for grants management, and follow these instructions.

Please note: AmeriCorps State and National PPRs are not visible to grantees in eGrants until 4 months prior to their due date.

When is the PPR due?

The PPR is due on November 30, 2022.

If you cannot meet the submission deadline for the progress report, you must request an extension from your Portfolio Manager. Requests for extensions may be granted when:

1. The report cannot be finished in a timely manner for reasons legitimately beyond the control of the grantee, and
2. AmeriCorps receives a request explaining the need for an extension before the due date of the report.

Selecting the Right PPR

After logging into eGrants, click the "Progress Report" link in the lower right corner of the screen.

Change Organization	Managing My Account	Reporting to CNCS
To view a different organization's information, enter one of the following and click on the "GO" button: <ul style="list-style-type: none"> Grant Number Application ID EIN Organization ID Cost Share Invoice Number Cost Share Agreement Number <input type="text"/> <input type="button" value="GO"/>	Click on the links below to access common account functions. <p>My Account →</p>	<p>Financial Report →</p> <p>Progress Report →</p> <p>Progress Report Supplement →</p>

You will see a list of possible progress reports for each of your existing grants. Find the grant number that includes the 2021-22 program year, and expand the list by clicking on the orange arrow key to the right of the grant number.

Find the progress report with the 11/30/2022 due date labeled "Progress Report Annual," and click on the "edit" link. You will be taken to the main progress report screen.

Reporting Period

The reporting period is from the beginning of your 2021 grant year through September 30, 2022.

- For Performance Data Elements, report all data collected during the time period 10/1/2021-9/30/2022, regardless of the member cohort or program year to which the data are connected.
- For Performance Measures, report all data pertaining to your 2021 program year, plus any previously unreported data from the previous (2020) program year. Any activities taking place during the reporting period that correspond to a later grant year should be reported on the subsequent end-of-year PPR.

Commissions will complete one progress report for each of their AmeriCorps State and National prime grants (competitive cost reimbursement, competitive fixed amount, competitive EAP, formula cost reimbursement, formula fixed/EAP, etc.) providing information as follows:

- In each prime grant, the grantee reports on performance measurement data for that prime grant.

- State commissions report on Performance Data Elements and narratives for all grants in the formula cost reimbursement prime.

Data submitted in the progress report must be valid (i.e., the data collected and reported must accurately align with the performance measure instructions, approved program design, and grant application) and verifiable (i.e., the grantee must be able to demonstrate the data are accurate). Source documentation that supports the reported results must be maintained as grant records.

General Information Tab

The General Information tab displays information for the progress report you have selected. Check the due date to ensure you have selected the correct report. If you have not selected the correct report for the reporting period and due date, click the “Cancel” button and select the correct report. If you have selected the correct report, click the “Begin” button to open the progress report. If you return to this tab after starting the report, you will see a “Continue Working” button that allows you to open the report that is in progress.

Open amendments on the same grant year as the PPR may interfere with data entry in the PPR. If you have amendment(s) currently in process that fit this description, please work with your Portfolio Manager to get the amendment(s) awarded or withdrawn before you start entering data into the PPR. Also, it is best to avoid initiating amendments on the same grant year while you are entering data into the PPR (i.e., after you open the PPR for the first time, but prior to submitting the PPR to AmeriCorps); same-year amendments awarded during the PPR data-entry process may result in the need to re-enter all of the data from scratch.

A summary table at the bottom of this tab allows you to see all past reports associated with your grant and to view or print a PDF version of these reports.

Performance Data Elements Tab

The Performance Data Elements tab contains a list of data elements of interest to AmeriCorps. The definition of each Performance Data Element can be found in the [2021 PPR Supplemental Instructions](#). **Your responses on this tab should include all data collected for these elements during the time period 10/1/2021-9/30/2022, regardless of the member cohort or program year to which the data are connected.**

The following elements are required for all grantees:

- Number of individuals who applied to be AmeriCorps members
- Number of volunteers recruited or managed
- Dollar amount of resources leveraged by the program

The following elements are required for all grantees for whom the indicator is relevant to their program model (“relevant” refers to something that is a significant part of a grantee’s program design and Theory of Change):

- Number of hours served by recruited or managed volunteers
- Number of individuals affected by disaster served
- Number of individuals assisted in preparing for disasters

- Number of children and youth served
- Number of individuals receiving job training or placement
- Number of individuals receiving independent living services
- Number of veterans served
- Number of veteran family members served
- Number of military family members served
- Number of active duty military members served
- Dollar amount of resources leveraged by national service participants
- Number of acres of public land supported
- Number of individuals receiving opioid/drug intervention services

The following elements are optional for all grantees:

- Number of previously unemployed AmeriCorps members who gain employment
- Number of veterans serving as AmeriCorps members who gain employment
- Number of AmeriCorps members who earn a high-school diploma or GED
- Number of AmeriCorps members who remain in the education field post-service

The following elements are required only for Economic Mobility Corps grantees:

- Number of certified CDFIs identified to receive AmeriCorps members
- Number of AmeriCorps members placed at one or more certified CDFIs

To complete the Performance Data Elements tab, refer to the definitions in the [2021 PPR Supplemental Instructions](#). Enter the appropriate numerical value for each element for which you are expected to report data (see above). If you are not reporting data on an element, enter a zero (0) in that field. The progress report cannot be submitted until there is a numerical value, including zero, entered in every field on this tab.

If you wish to provide an explanation about the data you have entered on this tab, clicking on the “Grantee Narrative” bar will open a text box for this purpose. This is not required. *(Please note: there is a 2,000-character limit on the “Grantee Narrative” text box; any text entered above the character limit will not be saved.)*

Commissions should enter Performance Data Element data for all competitive and formula subgrantees in the formula cost reimbursement PPR only. Data reported should not be duplicated in any other AmeriCorps program progress reports including but not limited to Commission Support Grant, Volunteer Generation Fund, Commission Investment Fund, VISTA or AmeriCorps Seniors progress reports.

Click “Next” to proceed to the next tab.

Performance Indicators Tab

The Performance Indicators Tab shows enrollment, retention, 8-day enrollment rates and 30-day exit rates for the 2021 program year. ***These data are pulled from the Portal the first time the tab is opened. The data do not refresh when the tab is re-opened. As a result, please do not open this tab until you are ready to complete it.*** Use the horizontal scroll bar at the bottom of the page to see the chart in its entirety.

Enrollment and Retention

For enrollment and retention, a “Yes” or “No” appears in the “Meets AmeriCorps Expectations” column. AmeriCorps expects grantees to provide an explanation for retention rates below 85% and to achieve the highest retention rate possible. For enrollment, any rate below 100% is assessed as not meeting AmeriCorps expectations.

For national/tribal grantees and competitive subgrantees with enrollment rates less than 100% and/or retention rates less than 85%: in the “Explanation” column to the right of the “Meets AmeriCorps Expectations” column, explain why and identify corrective actions that are being planned to improve recruitment and retention practices, or any planned reduction in slots requested. Click on the button that says, “Enter Explanation,” type your explanation and corrective action plan, and click the “Close” button. The progress report cannot be submitted unless all required explanations have been provided. *(Please note: there is a 1,000-character limit on each explanation; any text entered above the character limit will not be saved.)*

For formula subgrantees, an explanation is not required for each subgrantee; however, the commission must use the “Grantee Narrative” section on this tab to describe its efforts to improve enrollment and retention rates in its portfolio. *(Please note: there is a 2,000-character limit on the “Grantee Narrative” text box; any text entered above the character limit will not be saved.)*

8-Day Enrollment and 30-day Exit

For 8-day enrollment and 30-day exit rates, a “Yes” or “No” appears in the “Compliant” column. Any rate below 100% is not compliant.

For national/tribal grantees or state subgrantees with enrollment or exit rates below 100% **for reasons entirely beyond the grantee or subgrantee’s control**, provide an explanation in the “Grantee Narrative” section. Based on this explanation, your Portfolio Manager may change the compliance status to “Yes.” *(Please note: there is a 1,000-character limit on each explanation; any text entered above the character limit will not be saved.)* No other explanations are required.

Click “Next” to go to the next tab.

Performance Measures Tab

The Performance Measures tab asks grantees to enter performance measure data for the 2021 program year and to compare achieved (actual) values to the targets set in the grant application. **Your responses on this tab should include all data pertaining to your 2021 program year (i.e., the outputs and outcomes accomplished by your 2021 cohort of AmeriCorps members), plus any previously unreported data from the previous (2020) program year. Any activities taking place during the**

reporting period that correspond to a later grant year (2022 or beyond) should be reported on the subsequent end-of-year PPR.

National/Tribal PPR and State Competitive PPR

Each performance measure panel contains a chart showing each output and outcome for the performance measure, as well as the MSYs and members allocated to the measure. Grantees will report on output and outcome data only; MSY and member data are not required. Please enter zeroes in the "Actual" boxes for MSYs and members on this tab. *Failure to do so will result in the PPR being returned for correction.* Use the horizontal scroll bar at the bottom of the page to see the chart in its entirety.

For each output and outcome, enter a numerical value documenting progress toward the target. Round any decimals to the nearest whole number. When you have entered all data for one performance measure, check the "Done with Section" box. This action will cause a green checkmark to appear on the accordion panel when it is collapsed, signaling that you are done entering data in this panel. *If you leave any fields blank or include any characters other than numbers (commas, decimals, percent symbols, etc.) these fields will default to values of zero when you move to the next tab or save the report.*

Once data have been entered for each performance measure, click the "Calculate" button at the bottom of the page. This action will enable eGrants to calculate the numerical difference between each performance measure target and actual, as well as the percent of the target that was reached. In each performance measure panel, these values will appear in the "Diff" and "% of Target" columns. A "Yes" or "No" will automatically appear in the "Met Target" column.

An explanation is required for any output or outcome measure for which one or more of the following is true:

- The actual is lower than the target value;*
- The actual greatly exceeds the target value (i.e., by 400% or more);
- Program activities and/or data collection are still ongoing for this measure, even if targets have already been met; and/or
- Data from the previous grant year that were not reported on the previous end-of-year PPR have been included in the reported actual

The content of the explanations should be as follows:

Situation	Required Explanation
Actual that is lower than the target value*	Reason(s) why the target was not met, and corrective action plan for how the program intends to meet this target in the next program year. <i>If activities are still ongoing, please see below for the required explanation content.</i>
Actual that exceeds the target value by 400% or more	Reason(s) why the actual value is significantly higher than originally projected. <i>It must be clear in the explanation that no data were double-counted and that all data are directly attributable to program activities.</i>
Ongoing program activities and/or data collection, even if the target is already met	State that activities are still ongoing and explain when program activities will be completed and a full set of data will be available. <i>Any output or outcome data that are not reported in this PPR will need to be included in next year's end-of-year PPR.</i>

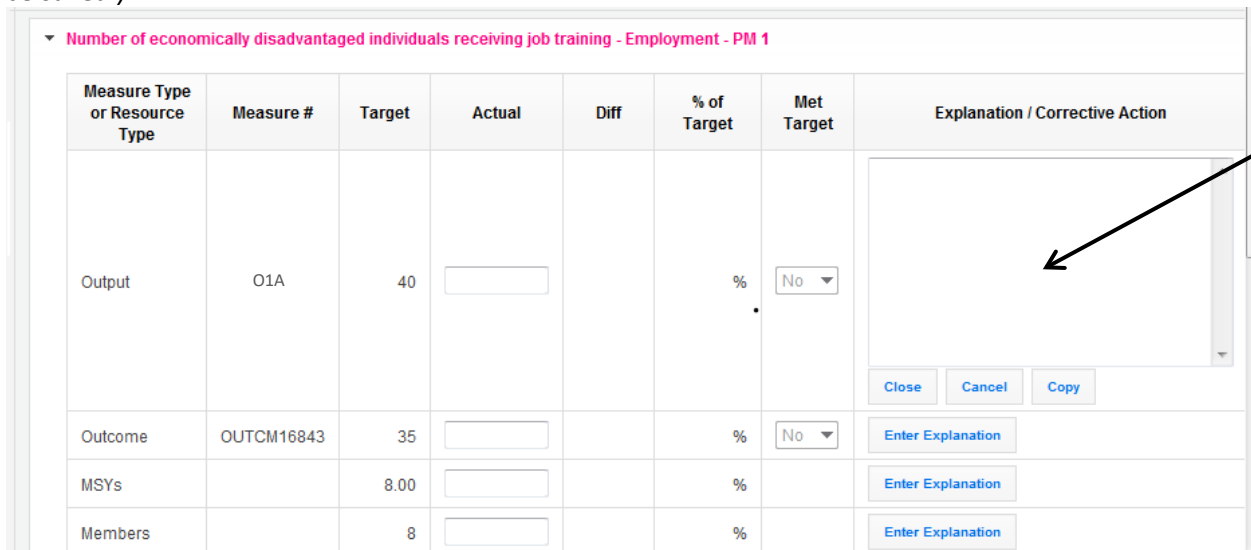

Data included that were not reported in the previous grant year	Indicate what numerical portion of the actual value corresponds to the current grant year vs. the previous grant year. <i>Only data that were NOT already reported on the previous year's end-of-year PPR should be included here.</i>
---	--

*If you include performance measurement data from the previous year that were not reported in the prior end-of-year PPR (i.e., noted as “ongoing” on prior report due to continuing program activities and/or data collection), it may appear that targets for the current year were met when they actually were not. Explanations should be provided for any output or outcome where the actual value for the CURRENT grant year is lower than the target value.

To enter an explanation, click on the “Enter Explanation” button in the “Explanation/Corrective Action” column. Clicking this button opens a text box where the explanation should be entered. *(Please note: there is a 1,000-character limit on each explanation; any text entered above the character limit will not be saved.)*

▼ Number of economically disadvantaged individuals receiving job training - Employment - PM 1

Measure Type or Resource Type	Measure #	Target	Actual	Diff	% of Target	Met Target	Explanation / Corrective Action
Output	O1A	40	<input type="text"/>		%	No ▼	<div style="border: 1px solid gray; height: 100px; width: 100%;"></div> Close Cancel Copy
Outcome	OUTCM16843	35	<input type="text"/>		%	No ▼	Enter Explanation
MSYs		8.00	<input type="text"/>		%		Enter Explanation
Members		8	<input type="text"/>		%		Enter Explanation

If the explanation entered for one output or outcome target applies to other targets for the measure (e.g., an output and outcome were unmet for the same reason), clicking the “Copy” button will automatically copy the explanation to the other outputs and outcomes in the measure. If you wish to provide a different explanation for other outputs or outcomes in the measure, enter those explanations by clicking on the “Enter Explanation” button for those outputs or outcomes.

Performance measurement data reported in this PPR should not be duplicated in any other AmeriCorps progress reports submitted by your organization, including but not limited to other AmeriCorps State and National, Commission Support Grant, Commission Investment Fund, Volunteer Generation Fund, VISTA, or AmeriCorps Seniors progress reports.

State Formula PPR

Follow the instructions for National/Tribal and State Competitive PPRs above, but with the following exceptions:

- Actuals are not required for applicant-determined performance measures. No fields will be available to enter these numbers (see screenshot below). An applicant-determined measure is

any performance measure that does not contain a national performance measure output or outcome.

Screen Instructions

This tab contains an accordion panel for each subgrantee. Clicking on a panel will reveal a second panel showing each of the subgrantee's performance measures. Click on a panel to enter performance measure data.

Enter numerical values and explanations as directed in the GPR Instructions.

Once data has been entered for each subgrantee, click the "Calculate" button at the bottom of the page to calculate the numerical and percentage difference.

Done with Section box checked Done with Section box not checked Clarification Required

In-School and After-School - K-12 Success - PM 1

Measure Type or Resource Type	Measure #	Target	Actual
Output	OUTPT4070	124	
Outcome	OUTCM4071	50	
MSYs		5.50	<input type="text" value="0.00"/>
Members		8	<input type="text" value="0"/>

Done with Section

- In lieu of providing actuals for applicant-determined measures, the commission must select either “Yes” or “No” in the “Met Target” column (see screenshot below). Select “No” in any situation where the subgrantee’s actual for the CURRENT grant year is less than the target, even if activities are still ongoing, and even if the subgrantee also provided prior-year data.

Screen Instructions

This tab contains an accordion panel for each subgrantee. Clicking on a panel will reveal a second panel showing each of the subgrantee's performance measures. Click on a panel to enter performance measure data.

Enter numerical values and explanations as directed in the GPR Instructions.

Once data has been entered for each subgrantee, click the "Calculate" button at the bottom of the page to calculate the numerical and percentage difference between each performance measure target and actual.

Done with Section box not checked Clarification Required

Target	Actual	Diff	% Difference	Met Target
124				No
50				No
5.50	<input type="text" value="0.00"/>	-5.50	-100.00 %	
8	<input type="text" value="0"/>	-8	-100.00 %	

- Explanations are only required for the following situations:

Situation	Required Explanation
Actual that exceeds the target value by 400% or more	Reason(s) why the actual value is significantly higher than originally projected. <i>It must be clear in the explanation that no data were double-counted and that all data are directly attributable to program activities.</i>
Ongoing program activities and/or data collection, even if the target is already met	State that activities are still ongoing. <i>Any output or outcome data that are not reported in this PPR will need to be included in next year's end-of-year PPR.</i>
Data included that were not reported in the previous grant year	Indicate what numerical portion of the actual value corresponds to the current grant year vs. the previous grant year. <i>Only data that were NOT already reported on the previous year's end-of-year PPR should be included here.</i>

Provide these explanations in the “Grantee Narrative” text box, clearly indicating which explanation corresponds to which subgrantee. If you run out of space, additional text may be entered in the “Other Explanations” field on the Narratives tab. *(Please note: there is a 2,000-character limit on the “Grantee Narrative” text box; any text entered above the character limit will not be saved. The “Other Explanations” narrative field has a 32,000-character limit.)*

The progress report cannot be submitted unless all required data has been entered.

Click “Next” to go to the next tab.

Narratives Tab

The Narratives tab asks grantees to reflect on activities and accomplishments during the 2021 program year. State Commissions should enter narrative responses in the formula cost reimbursement PPR only; enter "See Formula Report" for the narratives on the other commission prime PPRs. State Commissions should not provide information from every subgrantee when responding to narrative questions; rather, they should provide high-level analysis of their portfolio supplemented by relevant examples.

Click on the accordion panels to enter narratives. When accordion panels are closed, green checkmarks indicate that text has been entered in the text box. Text must be entered in every narrative field before submitting the PPR. For fields that are not required, if not providing narrative, enter “N/A” in the text box.

Provide the following narratives *(please limit your remarks in each section to 1,500 words or less)**:

Data Quality (Required)

National/Tribal Grantees: Describe the specific steps you took to verify data from sites reported in this PPR.

State Commissions: Describe the specific steps you took to verify the subgrantee data reported in this PPR.

Performance Management (Required)

National/Tribal Grantees: Describe how you have used the data you have collected about your processes or outcomes (including performance measurement and evaluation data) during the reporting period to improve your program. Based on the data you have collected, what has worked well in your program during the reporting period, and what changes will you make in the coming year to improve processes and/or outcomes to better address identified community needs?

State Commissions: Describe how you have supported subgrantees during the reporting period to use data they have collected about their processes or outcomes (including performance measurement and evaluation data) to improve their programs. Provide examples of how subgrantees have used data during the reporting period, and/or plan to use data in the coming year, to make improvements to program processes and/or outcomes to better address their identified community needs.

TTA and Monitoring (Required for National/Tribal grantees only; Commissions provide this information in the Commission Support Grant PPR)

National/Tribal Grantees:

- Describe the training and technical assistance you provided to your sites during the reporting period.
- Describe how you monitored your sites during the reporting period. Discuss any significant issues or trends you have identified through programmatic and fiscal monitoring and how you are responding to them.

State Commissions: enter N/A

Other Explanations (Optional)

If required narrative explanations in other sections of the PPR exceeded character limits, provide overflow explanations here.

Click “Next” to go to the next tab.

**The PDF printout of the PPR often truncates the narratives entered in the Progress Report interface. However, the Progress Report screens themselves will accept 32,000 characters per narrative field and will save the entire narrative entered up to that limit, even if the narrative does not display fully in the PDF.*

Summary Tab

This tab provides a summary of the data entered in previous tabs. Pie charts and an MSY/Member summary chart show resource allocations and member activities. Graphs show performance against National Performance Measure targets. For commissions, these data are aggregated at the prime level. The subgrantee performance summary provides a quick visual reference for subgrantee performance.

From this tab, you can view or print all text and data entered into the PPR by clicking “Print Overall GPR Summary.”

For national/tribal grantees, to print a visual summary similar to the summary screen, click, “Print Grantee Report.”

For state commissions, to view or print a summary of all data entered for a single subgrantee, select a subgrantee in the “Select Subgrantee” dropdown box and click “Print Subgrantee Report.”

To comment on this summary, enter text in the “Overall Grantee Note” text box. *(Please note: there is a 3,980-character limit on the “Overall Grantee Note” text box; any text entered above the character limit will not be saved.)*

Submitting the PPR

When all data have been entered into the progress report, go to the Summary Tab and click the “Grantee – Submit to AmeriCorps” button. *If you encounter an error when trying to submit, check to see if you have a Final PPR (Progress Report Lite Quarterly) whose reporting period ends on/before the*

reporting period of the end-of-year PPR. If so, the Final PPR needs to be submitted before the end-of-year PPR can be submitted.

REVIEWING FEEDBACK AND RESPONDING TO CLARIFICATION ITEMS IN THE PPR

For each tab where data are entered, the AmeriCorps Portfolio Manager reviews data and determines whether clarification is necessary. If no clarification is required, the Portfolio Manager closes out the PPR. If clarification is required, the Portfolio Manager checks the “Clarification Required” box on each tab that requires clarification and returns the PPR for rework.

The following text fields for feedback and clarification appear on all tabs where data are entered:

- Program Officer Feedback – May contain feedback from the AmeriCorps Portfolio Manager. Grantees are not required to provide clarification regarding this feedback.
- Program Officer Clarification Items – Contains clarification items from the AmeriCorps Portfolio Manager. Grantees are required to respond to these clarification items by making the necessary changes/corrections to the PPR content.
- Grantee Clarification Items – Grantees use this text field to enter their responses to the clarification items that appear in the Program Officer Clarification Items field. *(Please note: there is a 1,984 character limit on the “Grantee Clarification” text box; any text entered above the character limit will not be saved.)*

Charts on the Performance Indicators tab and the Performance Measures tab may also contain clarification columns to signal specific items on the chart that require clarification.

After responding to all clarification items, the grantee returns the report to AmeriCorps by clicking the “Grantee – Submit to AmeriCorps” button on the Summary tab.

If the progress report does not require clarification or all clarification items have been satisfactorily addressed, the AmeriCorps Portfolio Manager will set the PPR status to “Reviewed.” The grantee will receive email notification and will be able to review any feedback provided in the progress report when the report is in Reviewed status.
