Thank you to the 100+ #AmeriCorps members who stepped up to help #stopthespread of #COVID19 in my community! Your courage, commitment, and selflessness did not go unnoticed. Sending you all of the #AmeriThanks, this #ThankfulThursday

As an #AmeriCorps member, I served as a teacher, book buddy, mentor, and everything in between to help 30 middle schoolers reach for the stars. At the end of my service year, all my students went up by at least a great level in reading. Helping make that happen makes me proud that I represent the “We” in #WeAreAmeriCorps.

@KevinSmith @JaneSmith you're up, I challenge you to share your story!
