

# September 11th Day of Service and Remembrance Social Media Toolkit

In the days, weeks, and months following the tragedy of September 11, 2001, Americans came together to lift each other up, help communities heal, and make our country stronger. September 11th National Day of Service and Remembrance pays tribute to those we lost by recapturing our patriotic duty to serve others through volunteering and service.

This year, we once again honor those lost on 9/11 through volunteering and good deeds, but many will also serve to meet an immediate need in their community created by COVID-19. As you safely volunteer or perform a good deed, use these resources to highlight the importance of this day.

**Remember, even a small act of service is a giant act of patriotism.**
