

National Service in California

MEETING COMMUNITY NEEDS IN CALIFORNIA

More than 31,000 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in California. Serving at more than 3,400 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$111,790,000 to support California communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$54,820,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars.

AmeriCorps: This year AmeriCorps will provide more than 11,000 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across California. Most AmeriCorps grant funding goes to the California Volunteers, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 110,000 California residents have served more than 140 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$318,770,000.

Senior Corps: More than 19,000 seniors in California contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 8,000 young people who have special needs. Senior Companions help more than 2,800 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 1,400 groups across California.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in California, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing \$6,200,000 in expanding the impact of 30 nonprofits in California, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$166,620,192

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- This figure represents the number of awarded positions available to be filled in the 2013 - 2014 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in California. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- California is home to the Pacific Region campus of AmeriCorps NCCC, located in Sacramento. Members based at this campus perform service projects throughout California and AK, HI, ID, MT, NV, OR, UT, WA, WY and the Pacific Territories.
- The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise to support their programming activities across the state.

Since 1994, more than 110,000 California residents have served more than 140 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$318,770,000.

National Service Impact in California

AmeriCorps

Nationwide, Reading Partners provides literacy intervention programs at over 100 under-resourced elementary schools. At each school site, Reading Partners recruits 40-100 community volunteers, who tutor students one-on-one who have fallen behind in reading. Uniquely, members leverage community resources as they recruit, train, manage, and coach volunteers to provide literacy tutoring, reaching three times the number of students. For every month in the program, students gain an average of 1.7 months of reading skills. Since 2010, Reading Partners CA has utilized California Volunteers' AmeriCorps grants to mobilize 192 members in the Bay Area, Sacramento, and Los Angeles. Members have served over 6,356 students reading below grade level, where 2,164 increased 1 grade level or more. Of the 7,503 volunteers recruited as tutors, 91% completed their tutoring commitment.

AmeriCorps NCCC

TreePeople in Beverly Hills, Calif. is an independent environmental organization that trains and supports communities to plant and care for trees, educates schoolchildren and adults about environmental issues, demonstrates sustainable solutions to urban ecosystem problems, works with government agencies on critical water issues, and operates a public park. While serving with TreePeople, an AmeriCorps NCCC (National Civilian Community Corps) team helped restore 6.5 acres of land, coordinated 173 volunteers in planting 248 trees, tended to 305 trees by removing invasive vegetation near the tree cages, and removed 1,875 pounds of exotic vegetation from the park in order to create a better environment for trees and plants to grow. The team also made over 500 cages for different planting sites.

AmeriCorps VISTA

United Way of the Bay Area (UWBA) SparkPoint Initiative helps San Francisco Bay Area families reach financial stability by connecting them to key services such as job training, financial coaching, access to higher education, and savings accounts in one convenient location. AmeriCorps VISTAs increased volunteer generation and partnerships, helping UWBA exceed their goals with 71 percent of clients advancing toward financial stability (a 5 percent or better positive change in income, credit, debt and/or savings). VISTAs with the UWBA Earn It! Keep It! Save It! (EKS) coalition helped increase the capacity of EKS sites to provide clients with high quality no-cost tax preparation. VISTAs developed robust volunteer programs and strengthened program management. EKS also surpassed its goals preparing 68,085 tax returns resulting in over \$74.1 million returned to clients with \$24.8 million from Earned Income Tax Credit.

Senior Corps

The Jumpstart Foster Grandparent Program in Los Angeles uses Foster Grandparents to implement a research-based language and literacy curriculum with economically disadvantaged preschool children to improve their school readiness. Between September, 2012 and September 2013, 80 Foster Grandparents mentored 182 preschool children. Of the 165 children who fully participated in the program (at least 120 days) 96 percent demonstrated gains in language and literacy skills and 58 percent demonstrated gains of one developmental level or more. Additionally, 91 percent of Foster Grandparents indicated that their service experience has enabled them to build leadership skills and 100 percent reported feeling proud of their service. This is Jumpstart's first year as a Foster Grandparent grantee and the feedback from volunteers, teachers, and the education improvement results all point towards high satisfaction and a positive impact on the community.

Social Innovation Fund

REDF in San Francisco creates job opportunities for thousands of Californians with multiple barriers to employment – including dislocated youth, individuals who have been homeless or incarcerated, and those with severe mental illness – in sustainable nonprofit social enterprises in low-income communities throughout the state. An intermediary grantee of the Social Innovation Fund, they receive an average of \$1.5 million annually, match their federal funds dollar-for-dollar, and make subgrants to nine nonprofit social enterprises across the state. Employees receive training and support, earn wages, pay taxes, and often reduce their reliance on costly public programs. The nonprofit operator earns income selling goods and services like landscaping, apparel screen printing, electronic waste recycling, and fresh-cut, local organic produce. Through the Social Innovation Fund grants, REDF will employ at least 2,500 people with multiple barriers to employment in nonprofit social enterprises, a figure that will expand to 8,000 by 2020 as enterprises achieve sustainability.
