

National Service in Colorado

MEETING COMMUNITY NEEDS IN COLORADO

More than 7,600 people of all ages and backgrounds are helping to meet local needs, strengthen communities, and increase civic engagement through national service in Colorado. Serving at more than 970 locations throughout the state, these citizens tutor and mentor children, support veterans and military families, provide health services, restore the environment, respond to disasters, increase economic opportunity, and recruit and manage volunteers.

This year, the Corporation for National and Community Service (CNCS) will commit more than \$35,980,000 to support Colorado communities through national service initiatives. CNCS invests in cost-effective community solutions--working hand in hand with local partners to improve lives, expand economic opportunity, and engage citizens in solving problems in their communities. Serving in many of the state's most impoverished communities, CNCS provides vital support to schools, food banks, homeless shelters, community health clinics, youth centers, veterans service facilities, and other nonprofit and faith-based organizations at a time of growing demand for services. Through a unique public-private partnership, this federal investment will leverage an additional \$37,630,000 in other resources to strengthen community impact, build local support, and increase return on taxpayer dollars. Nationwide, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources in FY 2015.

AmeriCorps: This year AmeriCorps will provide more than 2,600 individuals the opportunity to provide intensive, results-driven service to meet education, environmental, health, economic, and other pressing needs in communities across Colorado. Most AmeriCorps grant funding goes to the Serve Colorado, which in turn awards grants to nonprofit groups to respond to local needs. Most of the remainder of the grant funding is distributed by CNCS directly to multi-state and national organizations through a competitive grants process. Other individuals serve through AmeriCorps VISTA, whose members help bring individuals and communities out of poverty by serving full-time to fight illiteracy, improve health services, create businesses, and increase housing opportunities, and AmeriCorps NCCC (National Civilian Community Corps), a 10-month, full time residential program for men and women between the ages of 18 and 24. In exchange for their service, AmeriCorps members earn an education award that can be used to pay for college or to pay back qualified student loans. Since 1994, more than 31,000 Colorado residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$70,390,000.

Senior Corps: More than 5,000 seniors in Colorado contribute their time and talents in one of three Senior Corps programs. Foster Grandparents serve one-on-one as tutors and mentors to more than 2,800 young people who have special needs. Senior Companions help more than 3,400 homebound seniors and other adults maintain independence in their own homes. RSVP volunteers conduct safety patrols, renovate homes, protect the environment, tutor and mentor youth, respond to natural disasters, and provide other services through more than 540 groups across Colorado.

Social Innovation Fund: The Social Innovation Fund transforms lives and communities using limited federal investment as a catalyst to grow the impact of nonprofits with evidence of strong results. It harnesses the expertise of grantmaking intermediaries to identify, evaluate and expand effective nonprofits and engages funding partners to contribute nearly three dollars to every one federal dollar invested. As the Social Innovation Fund network grows programs that work in Colorado, more people are able to overcome their most pressing challenges in the areas of economic opportunity, health, and youth development. The Social Innovation Fund is investing more than \$2,000,000 in expanding the impact of 13 nonprofits in Colorado, selected and supported by 1 intermediary.

The Corporation for National and Community Service is a federal agency that improves lives, strengthens communities, and fosters civic engagement through service and volunteering. CNCS annually engages more than five million Americans in service to meet local needs through Senior Corps, AmeriCorps, and national days of service; improves communities through the Social Innovation Fund, and leads President Obama's national call to service initiative, United We Serve. To learn more visit NationalService.gov or Serve.gov or call 202-606-5000 or TTY 1-800-833-3722.

TOTAL CNCS FUNDING + TOTAL LOCAL PROGRAM SUPPORT					\$73,621,499

Notes: The data shown represents a snapshot in time. CNCS project sites, participants, and funding change throughout the year, so the data may not reflect current conditions.

- ¹ This figure represents the number of awarded positions available to be filled in the 2015 - 2016 program year. For AmeriCorps VISTA, this represents the actual number of VISTA members in active service.
- ² This figure represents the maximum potential value of Segal AmeriCorps Education Awards that can be earned by AmeriCorps members serving in Colorado. The award can be used in any state to pay for college, graduate school, vocational training, or to pay back student loans. The education award total is included in total CNCS funding.
- ³ AmeriCorps National figures may include national programs headquartered in the state and/or operating sites of national programs that are headquartered in other states. Funding reflects the estimated proportionate share of the national grant associated with operating sites in this report. Some national organizations do not report operating site data, or it was not available at time of publishing, so figures may not reflect current conditions.
- ⁴ Colorado is home to the Southwest Region campus of AmeriCorps NCCC, located in Denver. Members based at this campus perform service projects throughout Colorado and AR, AZ, KS, MO, NM, OK, and TX.
- ⁵ The service location total may contain multiple counts of unique locations where multiple CNCS programs are operating.
- ⁶ As part of its public-private partnership approach, CNCS requires grantees to leverage additional resources to strengthen community impact and increase the return on the federal investment. This figure reflects non-CNCS cash and in-kind resources that CNCS grantees and project sponsors have committed to raise or other revenue used to support their programming activities across the state. Last year, CNCS, its grantees, and project sponsors generated more than \$1.25 billion in outside resources from businesses, foundations, public agencies, and other sources.

Since 1994, more than 31,000 Colorado residents have served more than 28 million hours and have qualified for Segal AmeriCorps Education Awards totaling more than \$70,390,000.

State Commission

Serve Colorado, the Governor's Commission on Community Service, builds a culture of civic engagement across the state in partnership with community-based organizations. The Commission guides the work of Serve Colorado's three distinct programs: AmeriCorps Colorado, managing the state's national service programs; Colorado Reads, the state's early literacy initiative; and leading Days of Service and Governor's Service Awards to promote volunteerism. Housed in the Office of the Lieutenant Governor, Serve Colorado programs closely align with statewide priorities such as increasing access to education and improving student outcomes. Serve Colorado administers 17 AmeriCorps State grants; with 14 programs engaging 1,100 AmeriCorps members to address community needs. Serve Colorado also manages three planning grants, helping organizations explore how national service can be further used across the state. Programs directly impact early literacy and education, job skill development, homelessness, substance abuse prevention and treatment, and environmental sustainability.

AmeriCorps State

Third grade literacy is proven to be one of the most important indicators of educational success, but sadly, 16,000 Colorado third graders aren't reading at grade level. Mile High United Way's Colorado Reading Corps' goal is to increase proficiency to 84 percent by 2020. AmeriCorps members in the Colorado Reading Corps offer one-on-one, daily tutoring for kindergartners through third graders in Adams, Arapahoe, Denver, and Jefferson Counties. The program is a proven cost-effective model that builds on twelve years of data and a close partnership with the Minnesota Reading Corps. In 2015, more than 50 AmeriCorps members served in the Colorado Reading Corps and improved the literacy and math skills of 1,200 students. By the end of the third year for this grant, it will have helped more than 5,000 students make significant progress in their reading proficiency and prepare them for further educational success.

La Puente Home, the Southwest Rural Education Collaborative, serves Alamosa, Conejos, Costilla, Mineral, Rio Grande, Saguache, Montezuma, La Plata, and Chaffee counties. Its AmeriCorps program combats rural poverty in the San Luis Valley - the world's largest alpine valley - which is bigger than Connecticut and has a population of approximately 46,000. In the past year, more than 16,000 people - one in three residents of the valley - have used one of La Puente's services. AmeriCorps members provide service that empowers people to live independently and with dignity. In the last year, La Puente's 22 AmeriCorps members helped 3,632 individuals with housing placement, helped 1,301 people transition into housing, and recruited and managed 661 volunteers. Their service helped La Puente serve 12,000 people who used their food bank. The AmeriCorps members have truly become part of the community and embody La Puente's motto, "See the need, meet the need."

AmeriCorps National

City Year Denver AmeriCorps has 72 members who serve full-time at nine schools, helping more than 3,880 students at greatest risk of dropping out. City Year AmeriCorps members work alongside teachers, using research-based tools to improve students' attendance, behavior, and performance in math and English. The members also lead afterschool programs and school-wide initiatives to improve school culture. Thanks to the members' service, 67 percent of students in grades 6 through 9 who had previously earned a D or worse in English improved to a C or better and 86 percent of Denver teachers agree that City Year AmeriCorps members provide critical academic support that helps students stay on track.

AmeriCorps members with the Southwest Conservation Corps, which operates out of Durango and Salida, improved more than 875 miles of trails and 2,283 acres. Corps members included 29 military veterans who were able to continue their service to the nation through AmeriCorps. Corps members begin their service with a collaborative 8-week Crew Leader Training that builds a foundation for personal and land development. An alumnus wrote while in the program, "The Corps tests your ability, challenges and teaches you to help restore your community, helps you gain access to new and safe teachings. The Corps is a positive environment that focuses on teambuilding, communication, and safe ways to learn new abilities. The Corps helped me gain access to my abilities and motivation toward my personal goals." The Southwest Conservation Corps empowers people to have a positive impact on their lives, their communities, and the environment.

Two Youth Mental Health First Aid (YMHFA) Corps AmeriCorps members served this past year at the Colorado Behavioral Health Council in Denver. YMHFA is a certification course that introduces participants to risk factors and warning signs of adolescent mental health problems, focuses on the importance of early intervention, and teaches how to help adolescents who are in crisis or having a mental health or substance use challenge. The AmeriCorps member, who is a trained YMHFA instructor, certified 328 community members in the program. A three month follow-up survey revealed that YMHFA strategies helped 429 adolescents who struggle with a mental health challenge or illness.

AmeriCorps VISTA

AmeriCorps VISTAs serving with the United Way of Weld County Right to Read program are helping the organization reduce illiteracy and poverty. In 2015, AmeriCorps VISTA member Linda Warren secured a grant for \$80,000 for Right to Read to provide English as a Second Language classes to refugees. The grant, which is renewable for four years, enables Right to Read to continue providing its English as a Second Language program. VISTAs also successfully developed partnerships with the University of Northern Colorado to help increase their volunteer base.

AmeriCorps VISTAs with the Telluride Foundation were instrumental in securing \$1,550,000 in grant funding for the next three years from the Boettcher Foundation. The funds will be used to focus on continued technical assistance to the Patient Health Navigator program and to support the Community Health Worker program.

AmeriCorps NCCC

In partnership with the Pike San Isabel National Forest-Lake George and the U.S. Forest Service, an AmeriCorps NCCC team responded to wildland fires, both locally and nationwide, and worked on fuel reduction and other environmentally focused assignments when not fighting fires. NCCC members received certifications in wildland fire firefighting and chainsaw operation and worked to mitigate the risk of future wild fires. This was accomplished through controlled burns, preparation for three future burns, and elimination of available fuels. Members also constructed slash piles as habitat for forest wildlife. In Leadville, the team helped to improve forest health by cutting down trees infested with the mistletoe parasite. As a forest fire resource, the team also responded to a 60-acre fire in Teller County and assisted in both initial attack and clean up after the fire.

The Action Center in Lakewood requested an AmeriCorps NCCC team to provide immediate assistance to the Food Pantry, Clothing Bank, and Homeless Shelter, connecting donated resources directly to families facing crisis. The mission of the Action Center is to provide an immediate response to basic human needs and to promote pathways to self-sufficiency. NCCC members collected and distributed a total of 83,478 pounds of food, collected and distributed 7,800 pounds of clothing and sorted or distributed a total of 11,300 household goods and personal items. The team provided 10,090 people with food, water, clothing, personal items, and household goods. The team also assisted 2,635 homeless people and managed 297 volunteers. The Action Center staff was able to work more efficiently and focus on the clients, volunteers were motivated to work harder and achieve more, and the NCCC members' involvement with community special events inspired the people of Jefferson County to get more involved in their communities.

Senior Corps Foster Grandparent Program

The Pueblo Senior Resource Development Agency Foster Grandparent Program in Pueblo supported 59 Foster Grandparents to assist students in grades K-4 achieve reading proficiency that meets state academic achievement standards. Foster Grandparents tutor, mentor, and serve as role models. This year, the Foster Grandparents are serving more children as classroom sizes are expanding due to shrinking budgets. Foster Grandparents served 282 students and 89 percent of them demonstrated improved academic performance in literacy.

Senior Corps RSVP

Adams/East Arapahoe Schools Where All Thrive tutor-mentor program serves in 20 elementary schools. Trained RSVP volunteers work individually with struggling second and third grade students to improve their reading skills. Last year, the program served 375 students. Eight-five percent of the students gained at least a full year's skills growth, and fifty percent demonstrated two or more years of growth. RSVP volunteers also provided students with more than 2,000 free books.

Senior Corps Senior Companion Program

St. Mary's Senior Companion Program in Grand Junction supports Senior Companions to visit and assist elderly clients with shopping, medical appointments, and outings. While addressing their needs for transportation and community access, the Senior Companions provide valuable socialization and friendship. Senior Companions provide their clients with self-sufficiency and independence and allow them to remain independent in their homes for as long as possible. In 2015, 39 Senior Companions provided independent living services to 288 clients. Eight percent of these clients reported increased social support.

Social Innovation Fund

Social Innovation Fund programs are investing \$688,250 to expand the impact of 13 nonprofits in Colorado, focusing primarily on early childhood development and supportive housing. Kindergarteners, first graders, and third graders who participated in Summit 54's Summer Advantage program demonstrated statistically significant improved reading scores. Teachers reported increased preparedness of children re-entering school each fall, allowing them to gain more ground during the school year.

Intermediary Grantmakers in Colorado

Location	Intermediary Name <i>Nonprofit Subgrantees</i>	Description
Denver, CO	Mile High United Way	Mile High United Way's (MHUW) Social Innovation Fund invests resources to evaluate and grow innovative community literacy programs serving children from birth to age 8. Building upon a strong state movement for reform and with strong bipartisan support from Colorado's Governor, Lieutenant Governor and state legislature, Mile High United Way is poised to introduce key transformations in Colorado's education system. Sub-grantee programs include early literacy training for teachers and early learning providers; one-on-one and/or literacy tutoring (in-school or afterschool); and summer literacy programs.
	<ul style="list-style-type: none"> • Clayton Early Learning in Denver, CO • Reading Partners in Denver, CO • Summit54 in Denver, CO • The Bridge Project in Denver, CO • Colorado Humanities in Greenwood Village, CO • Colorado Statewide Parent Coalition in Westminster, CO 	

Nonprofit Subgrantees in Colorado

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Denver, CO	Clayton Early Learning Mile High United Way	Clayton Early Learning's Ready to Read program uses Dialogic Reading and Cradling Literacy in center-based and Play and Learn settings to provide early childhood educators, families and volunteers the necessary skills to help increase children's oral language and vocabulary skills in schools and at home.
Denver, CO	Reading Partners Mile High United Way	Reading Partners measurably improves reading skills and life opportunities for hundreds of children across Colorado and provides a meaningful, structured method for community volunteers to engage with their local schools by providing one-on-one tutoring opportunities with elementary school children.
Denver, CO	Summit54 Mile High United Way	By harnessing the power of summer learning, Summit 54's Summer Advantage USA program raises the educational achievement of students in grades K-3 offering rigorous academic instruction, enrichment, healthy meals, inspirational guest speakers and field trips to landmarks and universities during the summer.
Denver, CO	The Bridge Project Mile High United Way	The Bridge Project provides early literacy intervention to children living in public housing neighborhoods through quality instruction and one-to-one volunteer tutor relationships.
Greenwood Village, CO	Colorado Humanities Mile High United Way	Colorado Humanities' Motherread/Fatheread Colorado program augments children's school readiness and optimizes their literacy skills and ongoing success in school by helping to create a reading environment in the home and increasing the frequency and quality of being read to by parents, childcare providers and early childhood educators.
Westminster, CO	Colorado Statewide Parent Coalition Mile High United Way	Colorado Statewide Parent Coalition's Providers Advancing School Outcomes (PASO) program is designed to train and support Family, Friend, and Neighbor (FFN) providers to increase the quality of education and care for preschool-aged children, especially in low-income Hispanic communities. PASO will enhance the capacity of these FFN providers to ensure school readiness of Latino children, birth to five years of age.

Nonprofit Subgrantees in Colorado

Program HQ Location	Nonprofit Subgrantee Name <i>Intermediary</i>	Description
Denver, CO	Enterprise Community Partners, in partnership with Corporation for Supportive Housing Nonprofit Finance Fund	Housing to Health Initiative, led by subgrantee Enterprise Community Partners, Inc. in partnership with CSH and Social Impact Solutions, will provide supportive housing to 300 chronically homeless individuals in Denver, Colorado with the goals of improving the quality of life for these individuals and reducing frequent, high-cost utilization of criminal justice and emergency health services.
Denver, CO	Nurse Family Partnership Nonprofit Finance Fund	Nurse-Family Partnership, in partnership with Social Finance, is exploring a project to expand the reach of its pre- and post-natal home visiting program in Michigan. Nurse-Family Partnership's services have improved maternal and child health outcomes and family economic self-sufficiency for thousands of families across the country.
Boulder, CO	Mental Health Partners University of Utah Policy Innovation Lab	The Boulder County Homelessness Systems Improvement Collaborative (HSIC) is a new collaborative partnership representing Mental Health Partners, Boulder Housing Partners, and Boulder Homeless Services Collaborative. The pilot initiative was developed to improve data infrastructure and sharing capacity among Boulder County providers that work with individuals experiencing homelessness. Modeling the partnership off Boulder County's continuum of care, HSIC will create a microcosm of the continuum that utilizes three promising interventions from its member providers. The new collaborative intervention is aimed at reducing chronic and temporary homelessness for individuals who have a diagnosed or suspected behavioral health issue.
Denver, CO	State of Colorado Department of Homeless Initiatives University of Utah Policy Innovation Lab	The State of Colorado is developing a feasibility study exploring the potential for a Pay for Success approach to scaling up its existing Colorado Second Chance Housing and Re-entry Program (C-SHARP). C-SHARP is aimed at reducing recidivism rates by providing supportive housing to dual diagnosed (substance abuse and mental illness) former offenders.
Fort Collins, CO	SummitStone Health University of Utah Policy Innovation Lab	The Larimer County Cohort is a new collaborative partnership led by SummitStone Health with Larimer County, Fort Collins Housing Authority, the Health District of Northern Larimer County, and Homeward 2020. Pairing high-quality behavioral health and housing interventions with government and health district services, their partnership hopes to target individuals experiencing mental health and/or substance use disorders who have a high utilization of community health and acute/crisis services.
Westminster, CO	Adams County School District 50, CO University of Utah Policy Innovation Lab	Adams County School District 50 is developing a feasibility study exploring the potential for a Pay for Success approach to improving school readiness for kindergarteners in the school district. Adams County School District 50 wants to model its intervention after well developed and documented programs that include home visitation, parent support and high quality preschool. Specifically, the School District aims to target a high poverty region in SW Adams County where school readiness for kindergarten is presently 29%. Kindergarten readiness in the District as a whole averages 41%.
Denver, CO	Colorado Rapids Youth Soccer Club US Soccer Foundation	Through this Soccer for Success program, over 1,100 youth are provided with physical activity, nutrition education, mentorship, and family engagement opportunities that combat childhood obesity and promote healthy lifestyles.
